I'm not sure we addressed all of your questions on our call this morning. Arie is still a board member, at least for the time being. He has not been dismissed but has chosen not to participate in board meetings because of perceived hostility of Zach/Kim and/or because of his health. As such, Joe has had and has executed his proxy since middle of last year.

We'll have to make sure that Joe understands that he's also removing Arie from the board. He may suspect that but I can't tell for sure.
